SUMMARY

Innovative and detail-oriented developer with more than 7 years of experience in designing and delivering scalable applications across diverse industries. Adept at building custom, user-centric interfaces by integrating cutting-edge technologies. Expert in creating secure and maintainable solutions, with a strong emphasis on usability, accessibility, code quality, performance optimization & team collaboration in an agile environment.

TECHNICAL SKILLS

Frontend	React.js, Javascript (ES6+), Redux, Typescript, HTML5, CSS3, LESS, Accessibility(WCAG).
Testing	Jest, React Testing Library, Cypress, Playwright.
Backend & API	Node.js, RESTful APIs, GraphQL(basic), PostgreSQL, Contentful (CMS), Oracle, Scala.
Devops & Cloud	Jenkins, AWS (S3, Lambda - basic), Bitbucket, TeamCity, CI/CD.
Tools	Git, Webpack, ESLint, Figma, Vite, Storybook, Jira, Confluence, Trello, Slack.

EXPERIENCE

Senior Software Engineer

Feb 2022 - Present

LTIMindtree – Noida, India

- Led a cross-functional team of 5, delivering a major client project 20% ahead of schedule.
- Created responsive design system components and collaborated via Figma + Storybook.
- Led frontend refactors improving performance by 30% and test coverage by 50%, enhancing release reliability.
- Migrated legacy static pages to a fully responsive and modular component-based architecture using react hooks.
- Mentored junior devs on React, Git, and code reviews, accelerating onboarding and ensuring code quality.
- Optimized bundle size and load time via code splitting, lazy loading, and tree-shaking, improving FCP by 40%.

System Engineer

Mar 2019 - Feb 2022

Tata Consultancy Services – Noida, India

- Delivered full-featured dashboards using React, Redux, Node.js ,Contentful and PostgreSQL.
- Converted Figma designs into pixel-perfect, accessible, mobile-first UIs, improving UX scores by 40%.
- Optimized loading performance (lazy loading, memoization, Lighthouse tuning).
- Collaborated across QA, DevOps, and design teams in Agile sprints for public-sector clients.

Software Developer

Jun 2018 - Feb 2019

Skill Lotto Solutions – Gurugram, India

- Built React + Node.js apps for lottery and payment platforms, enabling multi-state expansion in India.
- Managed issue triage and quick-release bug fixes to maintain high availability of production systems.

EDUCATION

Bachelor of Technology, Computer Sciences

Aug 2014 - May 2018

Kurukshetra University, Geeta Engineering College – Haryana, India

- Graduated with Honors.
